Pacific Income Advisers is an investment management firm registered with the U.S. Securities and Exchange Commission under the Investment Advisers Act of 1940. Registration does not imply a certain level of skill or training. PIA manages a variety of fixed income and equity assets for primarily United States clients.

Moderate Duration Composite consists of portfolios benchmarked to the Bloomberg U.S. Aggregate Bond Index and is constructed from all major fixed income sectors. Portfolios managed in this style tend to be conservative in terms of sector weights, quality and duration ranges, compared to that of the index. The composite may invest in sectors that are not included in the Index and may not necessarily be representative of its benchmark. Prior to January 1, 2007, the composite was named the Moderate Duration Traditional Composite. The minimum account size for this composite is \$1 million. Prior to April 1, 2009 the minimum account size was \$5 MM.

The Moderate Duration Composite was created in January 2006 and is managed by Pacific Income Advisers (PIA). Returns are presented gross and net of fees and include the reinvestment of all income. Gross and net of fee returns are net of all transaction cost. The U.S. Dollar is the currency used to express performance. Past performance is not indicative of future results. To receive a complete list and description of PIA's composites and or a GLPS Report, contact Nicholas Parenti, at (310) 255-4427 or by email at nparenti@pacificincome.com.

Investing involves the risk of loss, including the loss of principal invested. A few of the main risks facing a fixed income strategy like this include Interest Rate Risk, Credit Risk, High Yield Securities Risk, Government Sponsored Entity Risk and Risks associated with Mortgage-Backed Securities. For a full description of these and other risks facing the portfolio please review the Risk of Loss section in our ADV Client Brochure.

¹Bloomberg U.S. Aggregate Bond Index is an unmanaged index that covers the investment grade fixed rate bond market with index components for government and corporate securities, mortgage pass-through securities, and asset-backed securities. The issues must be rated investment grade, be publicly traded, and meet certain maturity and issue size requirements. You cannot invest directly in an index.

²Net of fee performance was calculated using the highest annual management fee of 0.30%, applied to the gross results on a monthly basis. Prior to July 2019 the highest management fee was 0.50%.
